

Client Data Handling

Document ID: POL-CLIENT-004

Scope

This policy governs how Meridian handles data received from or generated for clients.

Classification

Client data is classified per POL-IT-003 based on sensitivity. Default classification is Confidential.

Storage

Client data must be stored only in Meridian-approved systems. Permitted storage locations are listed in the Client Data Storage Register.

Transmission

Client data transmitted externally must be encrypted. Use secure file-transfer where available.

Retention

Client data is retained per the engagement terms, and in any case no longer than 7 years after engagement close unless legal hold applies.

Destruction

At end of retention, client data is destroyed following the Data Destruction Procedure.
