

Acceptable AI Use Policy

Document ID: POL-IT-005

Approved AI Tools

Employees may use the following AI tools for work purposes: Microsoft Copilot, ChatGPT Enterprise, Claude for Business, Gemini for Workspace.

Prohibited Uses

- Uploading client data to public AI tools (free ChatGPT, free Gemini, public Claude)
- Using AI-generated content in client deliverables without review and disclosure
- Using AI to impersonate another person

Disclosure

Client-facing AI-assisted work must be disclosed to the client. Internal use for drafting, summarization, and analysis does not require disclosure.

Data Handling

Do not paste confidential or restricted data into AI tools outside the approved enterprise channels.
